

WHAT'S NEW AT COOKEE'S??

We have been asked how we came up with our name. Well, here is the story.

Chance and Rose Parker had a dream of owning this drive-in. They had worked hard to learn the inner workings of the restaurant to prepare for someday running it. Upon Chances unfortunate passing, Rose was left unable to buy the drive-in. Matt (our son and cook), and Rose, came to us, and asked if we could help. We are happy to have become involved after learning how many people knew and loved Chance. Chance's nickname was Cookee. In memorial to their dream of someday owning the drive-in, we have named it after his nickname! Oh, and Rose is now involved in ownership and we trust her with the huge responsibility of running the drive-in and making the changes we hear you, the customers want. For a preview of what we have done, please see the announcement below. There are many more changes both inside and out to come, so stay tuned! Thanks to so many of you who have given us their best wishes! We definitely care what you think!

Cookee's Has Made Changes!
