

WHAT'S NEW AT COOKEE'S??

We have been listening to YOU!!

We do these newsletters to reach out to you, our customers, and let you know that we do want to be a part of your overall experience here at Cookee's. We are just a couple of people who took on the task of jumping into the restaurant business. Because of this, we feel we are more in tune with what our customers need, than some owner who has become hardened over the years of restaurant ownership. We feel that we are customers just like you. We know how much we like it when a vendor or company listens to us. Therefore, we are listening to you and this newsletter will cover many changes we have made now, changes that are right around the corner, and a promise that more changes are in the works!

I hope by reading this, you will see that we are open to talking with everyone and that we do listen to all suggestions and comments made to us and our carhops. Ready? Here is summary!

COMPLETED FOOD CHANGES!
